### **REVISED**

**Case No:** PZCR14-00004  
**Application Type:** Condition Release  
**CPC Hearing Date:** July 17, 2014  
**Staff Planner:** Michael McElroy, (915) 212-1612, mcelroyms@elpasotexas.gov  
**Location:** 5670 North Mesa  
**Legal Description:** Portion of Tract 2A2, A.F. Miller Survey 215, City of El Paso, El Paso County, Texas  
**Acreage:** 0.7121 acres  
**Rep District:** 1  
**Current Zoning:** C-1/sc (Commercial/special contract)  
**Existing Use:** Financial Institution  
**C/SC/SP/ZBA/LNC:** Special contract attached to Ordinance 4928, dated September 7, 1972 (attachment 4)  
**Request:** Release of special contract imposed by Ordinance No. 4928, dated September 7, 1972  
**Property Owner:** GECU  
**Representative:** Daniel Vasquez

#### **SURROUNDING ZONING AND LAND USE**

**North:** C-1/sc/sp (Commercial/special contract/special permit) / Retail  
**South:** C-1/sc (Commercial/special contract) / Restaurant  
**East:** P-R II/sc (Planned-Residential 2/special contract) / Vacant

**NEAREST PARK:** Galatzan Park (5,722 feet)

**NEAREST SCHOOL:** Morehead Middle School (1,308 feet)

#### **NEIGHBORHOOD ASSOCIATIONS**

Upper Valley Improvement Association  
Upper Mesa Hills Neighborhood Association  
Coronado Neighborhood Association  
Save the Valley

#### **NEIGHBORHOOD INPUT**

Notice of a Public Hearing to all property owners within 300 feet of the subject property was mailed June 17, 2014. **There were four letters received in opposition to the special contract release request.**

#### **APPLICATION DESCRIPTION**

The request is to release a special contract imposed on the property by Ordinance No. 4928, dated September 7, 1972 (see attachment 4), which prohibited apartments on the property, imposed setback requirements, and required additional landscaping. The contract release is to permit the construction of a new 2,850 sq. ft. financial institution on the property.

#### **CITY DEVELOPMENT DEPARTMENT -PLANNING DIVISION RECOMMENDATION**

The Planning Division recommends **approval** of the condition release request. Planning recommends releasing the special contract conditions as they are no longer necessary and will permit the property to be developed in a manner more consistent with the G-4 Suburban (Walkable) growth sector.

#### **Plan El Paso-Future Land Use Map Designation**

All applications shall demonstrate compliance with the following criteria:

G-4 – Suburban (Walkable): This sector applies to modern single use residential subdivisions and office parks, large schools and parks, and suburban shopping centers. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.

The purpose of the C-1 (Commercial) district is to provide compatible neighborhood convenience goods and services that serve day-to-day needs. Permits locations for business and professional offices and retail category uses within adjacent residential areas of medium and high densities.

**COMMENTS:**

**City Development Department – Planning Division - Transportation**

No objections to the condition release.

Note:

All existing / proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) within public rights-of-way shall be in compliance with current ADA/TAS rules and regulations and the current City of El Paso Design Standards for Construction.

**City Development Department - Land Development**

Recommend approval

**City Development Department – Building & Development Permitting**

No objections to the proposed condition release

**El Paso Fire Department**

Recommend “APPROVAL” of “Application” as presented. PZCR14-00004

\*\*\*\*\*NOTE \*\*\*\*\*

In accordance with the requirements of the Zoning Code Section 20.04.160 Content of application the Fire Planning Division has reviewed the submitted “Detailed Site Plan for the following: Elevations, Perspective of the building, Dimensions, square footage and height of all structures, Number of dwelling units in Multi- family structures, and Driveways as applicable to following sections of the fire code; Sections 503 and Appendix D Fire Apparatus Access Roads, Section 903 Automatic Sprinkler Systems, Section 905 Standpipe Systems. “When required as per section 905.3.1, 905.4 and 905.5 all fire protections system plans shall be submitted separately to Fire Plan Review for further requirements and comments”. The Fire Planning Division has reviewed the submitted “Detailed Site Plan Application” as per requirements of the Zoning Code Section 20.04.160 Content of application and has determined that the submission DOES comply within the zoning regulations.

**El Paso Water Utilities**

We have reviewed the Detailed Site Development Plan request reference above and provide the following comments:

The El Paso Water Utilities – Public Service Board (EPWU-PSB) has existing water and sewer gravity mains located within a 25-foot utility easement. The mains are described in the following paragraphs under their respective sections.

EPWU-PSB requires access to the water, sanitary sewer facilities, appurtenances, and meters within the easement 24 hours a day, 7 days a week.

EPWU does not object to this request.

**Water:**

1. There is an existing 8-inch diameter water main extending along Double Tree Ln. available for service. The water main is located approximately 10-ft west from the center line of the right-of-way.

2. There is an existing 12-inch diameter water main extending along a 25-foot utility easement within the subject property, east and parallel to Mesa St. This water min is available for service.
3. EPWU-PSB records indicate one active 2-inch water meter service and one active 1-1/2" yard meter service for 5670 North Mesa.
4. Previous water pressure tests from fire hydrant # 4682 located at the northeast corner of Mesa St. and Double Tree Ln. have yielded a static pressure of 150 (psi) pounds per square inch, a residual pressure of 130 (psi) pounds per square inch, and a discharge of 1482 (gpm) gallons per minute.
5. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

**Sanitary Sewer:**

1. There is an existing 8-inch diameter sanitary sewer main extending along Double Tree Ln. that is available for service. The sewer main is located approximately 20-ft east from the center line of the right-of-way.
2. There is an existing 12-inch diameter sewer main extending along a 25-foot utility easement within the subject property, east and parallel to Mesa St. This water min is available for service.

**General:**

1. EPWU requires a new service application to provide service to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

**RECORD  
CONTRACT**

This contract, made this 15<sup>th</sup> day of September, 1972, by and between Mesa Vista, Inc., a corporation, First Party; Charles H. Leavell, H. D. Fulwiler, and Dutchie Boyd, James Egbert Boyd, Jan Boyd Blackwell and Donald P. Bondy (as Independent Executors of the Estate of William E. Boyd, deceased), and Times Enterprises, Inc., a corporation, Second Parties; and the City of El Paso, Third Party, WITNESSETH:

First Party has applied to the City of El Paso for rezoning of portions of Tracts 2A and 2F, A. F. Miller Survey 215 and a portion of Tract 1A, A. F. Miller Survey 216, all in the City of El Paso, El Paso County, Texas, such property being more particularly described in Ordinance No. 4928, now pending before the City Council of the City of El Paso, a copy of which is marked "Exhibit A", attached hereto and made a part hereof by reference.

In order to remove certain objections to such rezoning, First Party covenants that if the property is zoned as indicated in the attached ordinance, it shall be subject to the following restrictions, conditions and covenants:

1. No apartments shall be permitted on the C-1 (commercial) zoned part of the property.
2. Not more than 700 apartment units shall be constructed or maintained on the 47.303 acres of A-O (apartment-office) zoned part of the property. No portion of the land shall have more than an average of 22 apartment units per acre.
3. No building, structure or part thereof shall be constructed on the property closer than 50 feet to the property line which runs along North Mesa Street, except on the northwesterly 250 feet of the C-1 zoned property, a canopy or appurtenance shall be permitted to be constructed no closer than 30 feet to the property line which runs along North Mesa Street.
- 4 (a). C-1 (commercial) zoned property: Before certificates of occupancy and compliance are issued for any buildings to be constructed on the property, First Party will, at its expense for that portion of the property which is developed, landscape the westerly 50 feet of the property adjacent to North Mesa Street, except the northwesterly 250 feet of the C-1 zoned property. Desert or natural landscaping shall be permitted. No vehicles shall be allowed to stop, stand or park on the westerly 50 feet of the property; however, such 50 feet may be used for utility services, such as water, sewer and gas mains, and electrical services.

Dear Commissioners,

We own property at 5700 N. Mesa St. We are writing to respectfully request that you deny the request for amendment of special contract referenced above.

Mesa Street is a State highway with very high speed limits. Our customers already have difficulty accessing Mesa from Double Tree Lane. The slope of the property combined with the landscaping and the existing drive in facility already interfere with the line of site of oncoming traffic to the extent that a driver must inch out into Mesa Street before he or she can actually see the oncoming traffic. This is a dangerous situation which removal of the 50 ft set back in the special contract will make even worse.

The traffic travels North on Mesa at breakneck speed for much of the day. Rush hour traffic is so heavy that the lines of vehicles waiting to turn right from Double Tree to Mesa are already extremely long and will only lengthen with visibility cut even more by placement of structures closer to Mesa.

Very truly yours,

Joseph Bencomo III

Dear Commissioners,

We own a business at 5700 N. Mesa St, Suite F. We are writing to respectfully request that you deny the request for amendment of special contract referenced above.

Mesa Street is a State highway with very high speed limits. Our customers already have difficulty accessing Mesa from Double Tree Lane. The slope of the property combined with the landscaping and the existing drive in facility already interfere with the line of sight of oncoming traffic to the extent that a driver must inch out into Mesa Street before he or she can actually see the oncoming traffic. This is a dangerous situation which removal of the 50 ft set back in the special contract will make even worse.
